

CUSTOM SOUND WAVE ART

CUSTOM SOUND WAVE ART

Lovingly made just for you with your stories and memories at its heart.

Preserve a favorite memory, an important occasion, or a special moment in your life.

Step One: Choose your sound wave sound.

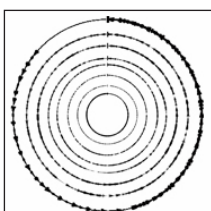

Simply send me your song, video clip, favorite book or idea and I'll take care of the rest.

Some great ideas from past clients:

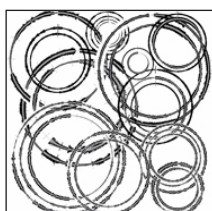

- Your favourite piece of music or song
(Ex. Wedding song, first dance song, graduation song, your own music recording, etc.)
- Recording of someone's voice saying something special
(Ex. Wedding vows, "I Love You," a quote or catch phrase, etc.)
- Recording of your baby's heart beat (provided by you)
- Sounds of nature or your favourite space
- Your favourite book
- An important or moving speech
- Your favourite mantra
- Recording of your family pet

Have another idea? The options are limitless! Anything with sound can be made into art.

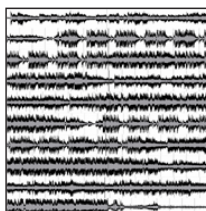

Step Two: Choose your style.

I CARRY YOUR HEART IN MY HEART, 36"X6", WOOD BURNING

"We all have a song, poem or sound which perfectly embodies a time or space or relationship in our lives that, upon hearing it, are immediately transported to that space and time or into the arms of the loved one. Kristen provides the visualization of these memory triggers, by turning the sound waves of your chosen sound and transforming it into a stunning piece of visual art, so the people and places who have touched us are never far from our conscious thought. I gave my sister a poem that we shared between us, E.E. Cummings, "I carry your heart in my heart". She cried immediately when she saw it because it already carried so much meaning for us. It was a beautifully effective way to tell my sister how much I love her. Kristen created the art piece, but the image belongs to my sister and I. A customized Resonance Art piece is the next gift you should buy for someone really special." -Kelly B.

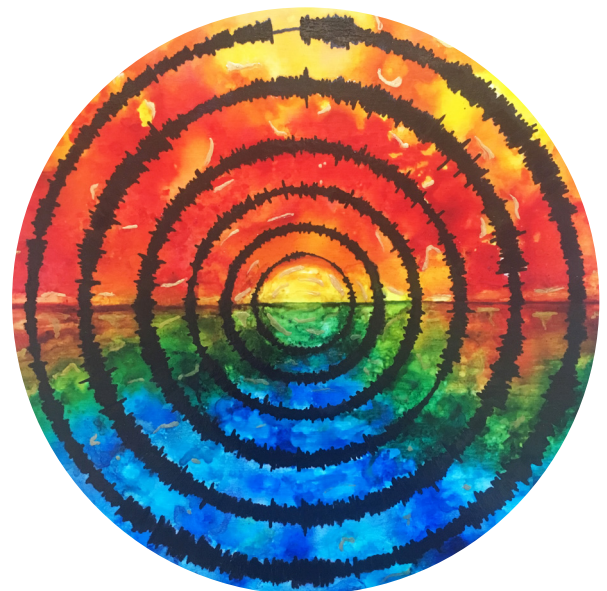

CRAZY LOVE, 8"X8", DIGITAL PRINT

"My wife and I purchased a piece as wedding gift and received one as a wedding gift, and as a music lover I love this idea both to give and receive. I feel it is the perfect gift for almost everyone. Well done on this great concept!" -Neil W.

I can hear her heart beat for a thousand miles
And the heavens open every time she smiles

ARE YOU WITH ME, 12"X12", ALCOHOL INK ON BOARD

"I found Kristen on Instagram and I immediately fell in love with her work. There is so much more meaning behind what she does than just a painting. I ordered a piece from her for my husband's birthday with the song waves for "Are You With Me" (our song). She emailed me back just over a week later with the most beautiful abstract ocean/sky theme that fit the lyrics to the song! My husband was speechless when he received it on his birthday! Kristen definitely exceeded my expectations! I am so happy she could make a piece for us that we can look at daily to remind us of the memories we shared together dancing to that song. Thank you Kristen!" -Kayla L

LOVE YOU FOREVER, 36"X6", OIL ON BOARD

"My mom is a teacher and "Love You Forever" is her favourite book. She used to read it to my brother and I before bed. We designed this gift with Kristen to celebrate her retirement.. Before she opened it, I gave her a copy of her favorite book that we all signed and then she opened the gift and tears of happiness came flowing from her eyes after she saw her sound wave art"

-Nevan J.

SYMPATHY FOR THE DEVIL, 8"X8", ALCOHOL INK ON BOARD

"Sound wave art is a perfectly unique gift for anyone music lover or not! It gets hard to keep gift giving meaningful and creative and Kristen's art is the perfect solution. Not only can you make it personal using a favourite song or special voice note, she offers so many options in terms of surface, colour, sound waves etc. that the gift comes out truly being a one-of-a-kind for that someone special." -Laura W.

CUSTOM ARTWORK FAQs

What materials do you use?

I create pieces on artist quality cradled boards (wood canvas). My primary medium is alcohol ink. I can also do custom wood burning pieces. Check out examples in my portfolio. My pricing includes the sound wave design, artwork surface of your choice, original artwork and a protective clear coat spray. I do not include hanging hardware in my pricing. For easier hanging and installation hanging wire can be added for an additional charge. You may also wish to add a clear gloss or resin layer coating to your artwork. These additions enhance the artwork and provided added protection. These finishes are an additional charge.

What is a Digital Sound Wave Print?

A Digital Sound Wave Print is made on the computer with your sound waves. May include colour or black and white. Sizes include 8"x8", 8"x10", 10"x10" and 11"x14". Prints are made on high quality 130lb paper.

How is a sound wave file created?

If you choose to have a piece of art made from a sound file other than music that is readily available (i.e. someone speaking, baby's heart beat, personal sound recording etc.); you must send a sound file to resonanceartstudio@gmail.com. To record a sound, download an app or use a program on your computer that can record and save audio files in MP3 or M4A format. To ensure a high quality audio recording, please record your sound with minimal background noise, at a moderate volume. Speak slowly and clearly if recording your voice. Please share audio files as M4A or MP3s. Please share audio files as M4A or MP3s. App suggestions: QuickTime Player or The QuickVoice App.

What about shipping?

Shipping is an additional cost, and calculated by location and size of artwork. All pieces are packed well to protect the artwork. Artwork is shipped to client and will take up to 7 business days to arrive (within Canada). Free delivery within Calgary city limits.

MEET THE ARTIST

I am known for my vibrant abstract pieces that incorporate sound wave elements and alcohol inks. I earned a Bachelor of Fine Arts from the University of Calgary and a Bachelor of Education from the University of British Columbia. I work as a teacher and create art on evenings and weekends.

For me, music and sound are often connected to important moments and memories. I use these moments as inspiration to create abstract paintings that include sound waves and symbolic colours with alcohol ink.

My pieces resonate with others because of our shared experience with music and sound. My aim is to make emotional experiences tangible and relatable. I enjoy experimenting with new mediums and seeking to create images that resonate with others.

I connect to the frequencies in life to gather inspiration. I am inspired by music and sound, emotional experiences, the senses, the beauty of nature, vibrant colours, new materials, and connecting with my spirituality.

My hope is that my artwork can engage others in a discussion about the importance of sound in our experiences. My vision is to share artwork with you that sparks a memory or emotion as it relates to your unique experience of sound. Making art is my passion and sharing it with you is my mission!

Kristen Powell
